

Aperian Global's team solutions focus on increasing global, virtual team effectiveness in very practical ways.

Designed for newly formed, intact teams, this highly interactive session will help teams in the forming stage to identify a vision for the future, building strong foundations and structures to enable it. The program focuses on leveraging cultural diversity, building trust, clarifying roles and responsibilities, creating a team charter, and best practices for operating norms and agreements.

Global Team Effectiveness Model

## Learning Objectives

- Understand how the team is culturally similar and different, and link this team profile to key priorities for the team.
- Ensure the alignment of goals, roles and responsibilities.
- Learn best practices and strategies for building trust, credibility and relationships for optimum team performance.
- Create an action plan of initial team norms with clearly defined timelines and responsibilities assigned.

**Format:** 1-Day face-to-face\*

**Audience:** Intact Global Teams (Suggested teams are newly formed, less than 6 months)

\*Team Foundations can be delivered virtually over a series of team sessions if a face-to-face opportunity does not exist.
